Homeowners are encouraged to attend and voice your concerns.

President's Message - June 2013

Election time is coming soon!

Over the next few months, the Forster Ranch Master Association 1 will be electing our Delegates to represent the Homeowners for the upcoming year. In homes that have a sub association the sub association names the representative for their members. In homes that have no sub association you will receive an invitation to run for the Delegate position. Ballots will then be sent to all the Homeowners in the District. **It is important to send all ballots back!** Even if there is only one candidate, Homeowners need to return them so quorum is made to complete the election. If quorum is not made, additional expenses are required to do a second mailing. Those costs are paid by every Homeowner in the ranch.

For years our Association has struggled with poorly written dated Governing Documents. Some things no longer apply and some things have been changed by changes in the current laws. This year we will be looking at bringing our Governing Documents up to date. Our attorneys have put together the new documents to keep us all legal. You will be receiving materials explaining what is being done. Please review and respond in a timely manner.

We as Homeowners are the eyes and ears of the Association. If you see anything that doesn't seem right, let the Management Company know. Emails seem to be the most effective communication. Jessica can be reached at Email: jwroten@seabreezemgmt.com. Jessica is very good at responding with in a few business days. If you don't get a response send me a copy of your email with the date you sent it for follow up. My email is FRWayne@cox.net.

The Association is working hard to keep the Ranch beautiful, your assistance and cooperation is always welcomed. If you have some time to help, let us know. Your Association, OWNED by YOU, is a valuable part of your real estate investment and your home. Together we can protect our investment while providing a comfortable environment in which to live. Working together makes it all work better.

If you are interested in running for the Board keep an eye out for the application to run later this year. Don't want to be on the Board, but can spare a few hours once a month? There is also the Landscape Committee and the Architectural Committee that need volunteers. If you have some interest in these areas let us know.

Keep in touch ☺
 Wayne
