

Forster Rancher

March 2006

Next Board Meetings:

3/7/06 & 4/4/06

7:35 p.m.

Truman Benedict Library

Message from the Board President

Thanks for the support and emails! It is great to get feedback! Keep it coming! Please contact me at FRWayne@cox.net.

The water bill has been settled with the City. We will get about one third refund now, and an additional one third when we get our "Smart Timer" program set up to conserve water. We thank the City for working with us to settle this bill.

The Board spent considerable time and effort documenting conditions when Spectrum Landscaping ended their service on our Ranch. As part of the contract we had with Spectrum Landscape we reserved the right to withhold payment for work not completed. Spectrum Landscaping has filed a suit to collect funds that were withheld for services not rendered. We hope to settle the issue as soon as possible. Next is the legalese to keep you informed.

Thanks for all your support.

Disclosure Statement Concerning Pending Litigation

The Forster Ranch Master Association I is a California Non-Profit Mutual Benefit Corporation, and, as a Common Interest Development, is charged with enforcing the Declaration of Covenants, Conditions and Restrictions, as well as managing the Common Areas and landscaping. In the course of that management, on occasion, disputes arise with outside third party vendors relating to the work performed by that vendor.

In that regard, a dispute has arisen between the Association and its former landscape company, Spectrum Care Landscape and Irrigation Management ("Spectrum"), concerning the performance of Spectrum's landscape maintenance obligations, including tree-trimming, and the payment of past due invoices. Unfortunately, an informal resolution to the dispute could not be achieved. On October 26, 2005, Spectrum filed a Complaint in the Orange County Superior Court asserting claims relating to their past due invoices (entitled *Spectrum Care Landscaping and Irrigation Management v. Forster Ranch Master Association I*, O.C.S.C. Case No.: 05CC11578). The Association disputes and denies the claims being made by Spectrum. Additionally, the Association will be pursuing a Cross-Complaint against Spectrum alleging that Spectrum failed to provide the required services under the contract.

This matter is in the early pleading stages, and, as in any litigation, the outcome is uncertain, as is the financial impact on the Association, if any. The Board of Directors will strive to keep the Members informed as this matter proceeds.

*** IMPORTANT NOTICE ***

Water Shutdown Scheduled for
March 13-17, 2006

The City of San Clemente asks you to join in a mandatory City wide water conservation effort by turning off all outdoor irrigation and construction water use from March 12-19, 2006. With the restriction you may want to delay new planting or fertilization. If you have questions, call the City Utilities Division at 949-366-1553.

Blue Dye in Sidewalk and Gutter Cracks

You may have noticed the "Blue Dye" that has been sprayed around some of the cracks in the sidewalk cement and street gutters. This "Blue Dye" is a water soluble marking dye that is being used by the Landscape company to mark areas where they are spraying for grass and weed killer. Don't be concerned, the dye will wash away.

Board of Directors

President - Wayne Schramm
Vice President - John Marron

Spring Ahead

Spring has traditionally been regarded as a time of rebirth with flowers blooming and the birds singing! This may be a great time to refresh, renew and rejuvenate your home. Please remember that if you plan to modify the exterior of your home or landscape, you will need to complete an Architectural Application. Thank you for keeping your community looking beautiful!

Spring Forward!
